

Recommended Qualification Structure for Cladding Occupations (Construction) Level 2

This structure has been recommended by employers and stakeholders from the above occupational area for organisations to form the basis of academic capability and competence outcomes. Qualifications with a competence outcome at the above level must have units derived from the following National Occupational Standards (NOS) and consist of the mandatory/optional groups as stated for the individual option route.

MANDATORY (Total 7)

- VR94 v3 Prepare resources for the installation of sheeting and cladding materials on roofs and walls
- VR95 v3 Install sheeting and cladding systems on roofs and walls
- VR96 v3 Installing rainwater goods on sheeting and cladding on roofs and walls
- VR641 v2 Conform to general workplace health, safety and welfare
- VR642 v1 Conform to productive work practices
- VR643 v1 Move, handle or store resources

Plus optional (at least one from the following)

- VR97 v3 Refurbish or replace sheeting and cladding on roofs or walls
- VR98 v3 Repair sheeting and cladding systems on roofs and walls
- VR298 v2 Install solar collectors to roofs
- VR387 v2 Operate plant or machinery to lift and transfer loads
- VR392 v2 Operate plant or machinery used as work platforms

Unit endorsements for Cladding Occupations Level 2

Where industry requests; qualifications can be endorsed to show an option route and the type of resources and/or activities that relate to the unit. Listed below are the endorsements that can apply for units derived from the following NOS.

NOS	Endorsement
VR94	One of the following: Built up systems Standing seam systems Secret fix systems Composite panel systems Fibre-cement systems
VR95	One of the following: Built up systems Standing seam systems Secret fix systems Composite panel systems Fibre-cement systems
VR97	One of the following: Built up systems Standing seam systems Secret fix systems Composite panel systems Fibre-cement systems
VR298	One of the following: Photo voltaic Solar thermal
VR387	Ergonomic manipulating machines
VR392	One of the following: Mobile elevated working platform scissor Mobile elevated working platform boom vehicle mounted Mobile elevated working platform boom self-propelled Mobile elevated working platform mast climber

Note: Where industry requests an Awarding Organisation to further endorse a unit, the Awarding Organisation must first seek approval from the Standards Setting Body to ensure the endorsement is appropriate to the unit.
